A close-up, high-contrast photograph of a classical marble bust of a man's face. The focus is on the right eye, which is looking slightly to the left. The lighting is dramatic, highlighting the texture of the marble and the contours of the face. The background is dark, making the light-colored marble stand out.

A black and white photograph of a stone gargoyle sculpture perched on a ledge, overlooking a cityscape under a cloudy sky. The gargoyle is a grotesque, horned creature with a human-like torso, looking out over the city. The city below is densely packed with buildings, and the sky is filled with dramatic, textured clouds.
